MM Capital Partners Co., Ltd.

Sydney Metro Northwest Project in Australia Selected as 2020 "Project of the Year" Award

MM Capital Partners Co., Ltd. (hereinunder, "MM Capital Partners") announced that the Sydney Metro Northwest Project in Australia, a project operated by NRT Pty Ltd. in which MM Capital Infrastructure Fund I, L.P. (hereinunder "Fund") participates as an equity investor, has been selected as the 2020 winner of the prestigious "Project of the Year" award. The award was presented at the National Infrastructure Awards hosted by Infrastructure Partnerships Australia (hereinunder, "IPA"), Australia's leading Infrastructure industry organization.

To promote the success of infrastructure projects across Australia, IPA annually selects exceptional infrastructure projects delivered by industry for notable recognition.

Sydney Metro Northwest Project was selected because of contribution to the Australian economy, its transformation of how people are transported in Sydney, its track record of delivering complex infrastructure on schedule, and its maintenance of good relationships and partnerships with the government, contractors, operators and advisors.

MM Capital Partners is very pleased with this award because it aligns with the aim of our Fund to contribute a sustainable economy and society.
